

The Community Foundation's Professional Advisor Council

What is a Professional Advisor Council?

A select group of volunteers who represent the most accomplished professional advisors in the community from the practice of estate planning, accounting, investment, insurance, and financial services.

This committee counsels the Community Foundation as we establish, develop, and maintain strong working relationships with members of the Hancock County advisor community. The committee provides its members opportunities to exchange charitable giving ideas, learn about new issues in philanthropy, and establish new relationships with other advisors. This council broadens the professional advisors' ability to talk to their clients about charitable giving as they work with them to achieve their overall financial goals.
