About HCCF

The **Hancock County Community Foundation (HCCF)** is a nonprofit organization that works with community partners to build a future for Hancock County, Indiana. HCCF's principal function remains that of serving donors and their community. We are a tax-exempt 501(c)(3) organization providing donors with flexible, efficient, and tax-effective ways to ensure that their charitable giving achieves the greatest possible impact.

HCCF receives gifts from individuals, families, organizations, corporations, and other foundations. It invests the gifts and then distributes income as designated by the donor or to meet the needs of the community. The distribution of income can be in the form of scholarships to individuals or grants for charitable institutions and worthy causes. All have the purpose of enabling others to build and improve the quality of life within Hancock County.

HCCF holds more than 100 endowed scholarship funds, each one with a unique purpose. Many of these scholarships are named in honor or in memory of a loved one. For more information on HCCF's Scholarship Administration or starting a scholarship, please see Page 41 of this guidebook.

Apply... Easy as 1, 2, 3

Access the online application by visiting giveHCgrowHC.org

- 3.** Finish and submit the specific scholarship applications for which you are eligible.

1. Read and review the list of scholarship descriptions in this Guidebook to determine criteria and eligibility requirements. Each scholarship is listed on pages 6 and 7 under the following categories: college students, public high school, private and parochial high school students, students graduating from specific Hancock County high schools, students who participate in the 4-H program, Trade and Technology Scholarships, and out of county students.
2. Visit the HCCF website at giveHCgrowHC.org/education and click on the link for the online application. Follow instructions on the screen to create an account. Keep your username and password safe, as you will use it every time you revise or submit any HCCF scholarship application. Create a bookmark in your internet browser for easy access to this site. You will be directed to fill out a "Universal" application with an eligibility quiz embedded in it. When the Universal Application has been submitted, you will be directed to the applications of scholarships for which you are eligible.
3. Complete your first application. **Make sure all the fields are filled out completely and correctly before you move on to applying for more scholarships, since this information will be automatically added to other applications requiring the same information. Any time you change or update information in one application, that information will be updated in the other applications.**
4. Scholarship applications may require letters of recommendation, obtained through the "Recommendations" section on the online application. You will need the email address of your recommenders in order to request those letters of recommendation. Recommendations may NOT be written by family members. Recommenders will be sent an email requesting the letter through the scholarship website. You will not be able to view the letters, but will be able to see if the recommender has submitted his or her letter.
5. All scholarship recipients must submit one high-quality, color head shot (shoulders and up). A professional senior photo is preferred. HCCF reserves the right to request additional photos if the submitted photo is not acceptable. *Please note, if you are selected as a scholarship recipient, this photo will be used in HCCF publications.

Each scholarship application becomes valid only when completed in its entirety and the "Submit" button is clicked. Also letters of recommendation must be received by February 3, 2023 at 4:00 p.m. in order for a scholarship application to be valid. You may submit your application even if you have pending recommendation requests; the application status will be SUBMITTED until the requests have been received. The status will be changed from SUBMITTED to COMPLETE once all requests have been received. Late applications and letters of recommendation will not be accepted!

FREQUENTLY ASKED QUESTIONS

Am I eligible to apply?

Each scholarship fund is set up differently to meet the wishes of the founding donor; therefore, each scholarship has its own set of requirements to apply and its own selection criteria. A complete list of scholarship funds with detailed information on requirements and criteria is available on pages 8-37 of this scholarship booklet.

I'm not a "straight A" student.

Are there scholarships available for me at HCCF?

Many HCCF administered scholarships do not include academic performance as a selection criterion, and there are others that only require that you have a minimum seventh semester GPA.

I do not plan to pursue a traditional bachelor's degree.

Am I eligible to apply?

Yes, several HCCF scholarships are designated for those who wish to pursue any post-secondary education credential.

If I graduate early, am I still eligible for scholarships?

Applicants must meet or exceed minimum secondary education graduation requirements, regardless of class standing, to be eligible for scholarship funds requiring graduation from a secondary education institution. All scholarships designated for graduating students will be awarded the May after students complete their minimum requirements.

If I'm currently a college student and attended college immediately after high school, can I continue to apply for HCCF scholarships?

Yes, you will fill out the Universal Application December 1-February 3 and be directed to scholarships available to current college students.

Can I receive more than one scholarship?

It is possible for students to be selected for more than one scholarship.

How much does it cost to apply?

There is no application fee.

What are the amounts of scholarship awards and how are they determined?

Scholarships are grants generated from the income earned from endowed (permanent) funds administered by the Hancock County Community Foundation on behalf of donors. Because grants are determined based on a percentage of income earned, some fund awards equate to unusual dollar amounts and can vary from \$500 to much more. Specific amounts for most scholarships can be found in the scholarship descriptions on pages 8-37.

What kinds of costs can my scholarship cover?

All HCCF-administered scholarships must be used for billable fees (ie. tuition, required fees, room and board, and in some cases, required course-related expenses such as books, supplies, fees and equipment) unless otherwise outlined in the scholarship description on pages 8-37. We encourage its use for non-taxable purposes including tuition and required fees.

Is my scholarship renewable?

Most HCCF administered scholarships are one-time scholarships unless outlined in the scholarship amount on pages 8-37.

When will I be notified?

Scholarship recipients will receive an e-mail in late April informing them of the total amount which they have been awarded. Recipients who are graduating students will be notified of their specific scholarship(s) at the Senior Awards Ceremony at their respective high schools. College students will be notified via mail of their award by the end of May. Some 4-H Scholarships will be presented during the Hancock County Fair in June. In early June, a follow up will be sent from the scholarship system requesting college and final contact information. Information from this form will be used to issue the scholarship award to the appropriate school/college. Applicants will be notified via email if they are not awarded a scholarship.

If I receive a scholarship, how is the money disbursed?

HCCF policy requires scholarship checks to be sent directly to the eligible educational institution* in which the scholarship recipient enrolls. For most scholarships, this information is provided by the recipient on the recipient information form.

Checks will be mailed in July.

**Eligible educational institutions are those whose primary function is the presentation of formal instruction and that normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of students in attendance at the place where it carries on its educational activities. It is also accredited by a nationally recognized accreditation agency.*

If I plan to take a "gap year" after graduating high school or otherwise delay my post-secondary enrollment for a year or more, will HCCF hold my scholarship for me?

No. HCCF policy is that scholarship recipients must utilize funds during the academic year immediately following their scholarship award unless otherwise denoted. "Gap years" or interruptions between award of the scholarship and the beginning of postsecondary education in the following academic year will cause the recipient to forfeit the scholarship. Unusual situations may be considered.

Who should I contact if I have questions about a scholarship or the application?

You can always check the status of your application and whether your letter(s) of recommendation have been submitted by logging in to your scholarship portal. If you are a current high school student and still have questions after checking your portal, first contact your school counselor or the scholarship coordinator at your school. If you are not a current high school student or if the school counseling office is unable to answer your question, please contact Janet White, Education Officer, at 317-462-8870 or jwhite@giveHCgrowHC.org

HCCF Scholarship Program

Every aspect of the HCCF Scholarship Program is carefully executed to ensure the donors' charitable wishes are fulfilled, recipients are impartially selected, and timely payments are made.

Rules

The Pension Protection Act (PPA) requires the HCCF Board of Directors to:

Applications that require financial need information will include a financial need section. FAFSA Report information, including Estimated Family Contribution and Estimated Pell Grant totals will be needed to complete this information. See Page 40 for Financial Need Work Sheet.

Evaluators are given the scholarship criteria for each scholarship and asked to blindly (without reference to personal information) evaluate each application to determine the most qualified applicant for each specific scholarship based on the selection criteria.

Selections are made by one of two committees: the HCCF Scholarship committee or a School Selection committee. These committees recommend recipients to the HCCF Board of Directors for approval.

Scholarship Payments

Payments are mailed directly to the college bursar's office and applied to the recipient's account. Funds must be used within the academic year for billable expenses (ie. tuition, required fees, room and board), unless otherwise noted.

HCCF – YOUR PARTNER IN SCHOLARSHIP ADMINISTRATION

In 1993, the Hancock County Community Foundation (HCCF) received a gift from the Earl and Irene Brooks Estate to create its first endowed scholarship; thus, began HCCF's long career in scholarship administration.
